Mr. Merritt,

They have documented the costs and why those costs are what they are. Iowa Code chapter 22 does give them the right to charge for the actual costs of searching for, compiling, reviewing, and producing records. You can narrow the request to reduce the cost, such as limiting the search to specific employees or a specific time frame. By reducing the size of the search, the costs for the search would be reduced. Are you willing to narrow your search?

Thank you,

Iowa Public Information Board
